

## **Ninth Grader Sings Praises of Just Words Program**

*"I think that the Wilson Learning program helped me a lot. I learned a lot of things that I did not know before. I look at words differently now. I break them up into syllables. For example, in World History Monday we were put into groups. We had to write what colonies we wanted to live in, so I said New England because they were economically wealthy. I didn't know how to spell economically so I broke it up into syllables and I spelled it right. I would highly recommend this program for future 9th graders. It truly helps a lot! It betters your spelling and pronunciation of words."*

*—Samantha, a 9th grade Just Words student*
